Fishbowl's Oracle Cloud Consulting Services

Solutions and Services for any Point along your Oracle Cloud Journey

Fishbowl Solutions offers solutions and services for the Oracle Cloud. We can help you map out your Oracle WebCenter Content or Portal migration to the cloud, or leverage Oracle's Content and Experience or Digital Assistant platforms to build marketing websites as well as virtual assistants. Fishbowl has over 17 years' experience partnering with organizations to manage the high-value content that drives their business processes. With Oracle's cloud offerings, we are now able to offer more options to solve your knowledge sharing problems and better engage your audiences.

Employee Portals, Marketing Websites, and Collaboration

Fishbowl specializes in building employee digital workplaces, and we can now help you leverage the benefits of a cloud-based enterprise portal with Oracle WebCenter Portal Cloud Service. If your organization is looking for easier methods to share and collaborate on creative assets to be used in a marketing campaign, or build an interactive, mobile-ready website; Fishbowl Solutions can help you deploy Oracle Content and Experience Cloud.

Intelligent Chatbots and Digital Assistants

Fishbowl Solutions can design a chatbot to automate your organization's critical business processes. Using the Oracle Digital Assistant platform, we have built chatbots and virtual assistants for sales enablement, customer service, employee self-service, construction project management, and many others. Fishbowl is the leading Oracle Digital Assistant development partner and we are ready to build the chatbot that fits your business use case.

Cloud Computing and Content Storage

Fishbowl has performed numerous content migrations and version upgrades. We understand the critical steps involved to ensure data integrity and a production-ready system. If you are considering a lift and shift, hybrid, or cloud-first approach for content management, Fishbowl can help you execute on your vision so you can quickly realize the benefits of cloud computing.

Maximize your Oracle Onpremise and Cloud Investments

Fishbowl Solutions is an Oracle WebCenter specialized and Cloud Standard partner. We have the experience and expertise to help you maximize your Oracle investments.
