

Windchill PLM Services

What our Customers are saying :

"It gives us peace of mind to know that if we have a problem and tell Fishbowl about it, we feel it immediately becomes a priority. They either solve it on the spot or dig in to find a solution in a timely manner. No other partners give us this kind of service."

- Windchill PLM Admin
Aerospace Company

"Fishbowl was very responsive in meeting the delivery dates, and their support to resolve the issues during validation was excellent. We are progressing per plan and meet the schedule. I appreciate your dedication and consistent support to meet an aggressive schedule. Keep up the GOOD TEAM WORK."

- Enterprise PLM Director
Global Power and
Technology Leader

"I take my hat off to you.....After multiple PTC consultants.... And PTC people.... No one ever told us of that was the solution, in fact we were told nothing exists! Works like a champ. My hat is tilted in your direction."

- Sr Applications Engineer
Global Leader in Medical Solutions

Our Mission is to Exceed Your Expectations.

Fishbowl delivers a full suite of consulting and professional services. Some of these include:

Windchill 12 Upgrade

Don't over complicate your Windchill upgrade. Let the Fishbowl experts upgrade it properly, efficiently and at a competitive price. Fishbowl Solutions delivers. Our expert team is flexible and full service. Contact Fishbowl for a quote.

Windchill Managed Services

Lower your total cost of ownership and increase your Return on Investment by having Fishbowl expert consultants support your Windchill implementation. Fishbowl has programs that adapt to your requirements. Simple or complex, big or small, Fishbowl can support your situation.

Windchill Implementation

Our customers don't just want a single source of truth, they want a competitive advantage. This is often achieved incrementally by implementing new Windchill modules, feature/functions to gain efficiencies, lower costs, improve quality, cut time to market and more. The Fishbowl team will lead you to a successful implementation that is on time and on budget.

Data Migration / Bulk Loading

Customers want to realize the benefits of Windchill PLM, but they can't do this until they have accurate data in Windchill PLM. Our extensive migration experience utilizing PTC tools and our own proprietary bulk loading software has elevated us as one of the world's premiere PTC Data Migration specialists. Don't get stuck in a data migration dead zone...call Fishbowl first.

Windchill Automation & Integration

The PTC Windchill API and the Workflow Engine are powerful components. The Fishbowl team consists of software development experts who understand the internal workings of Windchill like no one else. We deliver measurable results with our automation and integration projects.

Partnership

Customers tell us that it is our methodology and our "go out of our way" support that separates us. This is the same commitment and expertise we bring to any and every project.

DRIVING DIGITAL TRANSFORMATION WITH WINDCHILL PLM
